

*Helping you to better health*  
**THE MARJORIE CENTRE  
FOR COMPLEMENTARY HEALTH**

### **Room Hire**

If you do not want to commit to a specific day or half day and just want to rent a room by the hour this is possible subject to availability.

However, if you want to guarantee a room on a certain day and you want regular hours, we can do this, and it also works out a bit cheaper.

Some days do get busy, and it will be first come first served basis for hourly rates giving preference to the therapists that are taking regular hours.

At the moment we have lots of availability in the evenings and weekends.

Included in the room rent are various teas, coffee and milk and sugar.

We have couch roll available to use and cleaning wipes and sprays.

You need to provide your own towels, couch covers etc and PPE as needed.

We have a card machine that is available to use and there is a small charge per transaction.

All therapists are self-employed and responsible for their own insurance and promoting their businesses, although we will include all regular therapists on our website and share their posts on social media.
